What Are Metu Neter Oracle Cards?

The term "Metu Neter" translates from Egyptian as "the gods of the gods" or "the divine beings." These oracle cards honor that concept by presenting a collection of images, symbols, and affirmations drawn from ancient Egyptian mythology. Unlike a traditional tarot deck, which contains 78 cards with a fixed structure (Major and Minor Arcana), the Metu Neter oracle deck is free form. Each card focuses on a specific deity, concept, or archetype, offering a unique message tailored to the reader's intent.

Because the deck is designed as a full set, it includes every major deity and key spiritual themes found in Egyptian lore. This comprehensive approach allows users to build a personal connection with each figure, creating a dynamic and evolving practice that adapts to the reader's evolving needs.

Historical Roots: From Hieroglyphs to Modern Oracle

The ancient Egyptians used divination as a way to commune with the divine. Their rituals involved interpreting the signs of the gods through dreams, omens, and sacred symbols. The Metu Neter deck captures this essence by incorporating hieroglyphic imagery, iconography, and mythological narratives that have survived for thousands of years.

When the deck was created, the designers sought to preserve the authenticity of Egyptian symbolism while making it accessible for contemporary readers. They consulted Egyptologists, spiritual practitioners, and artists to ensure each card reflects the true spirit of its deity. The result is a deck that feels both ancient and alive, inviting users to step into a world where the gods walk beside them.
